

Rebate Tier Nomination Form

Many Australians are entitled to the Australian Government Rebate on Private Health Insurance. Your Rebate amount is determined by your household income, the age of the oldest person on your membership, inflation (CPI) and average health fund industry increases using a complex Government formula, and applies to the standard contribution amount of all *onemedifund* products. The Rebate is not available for the Lifetime Health Cover loading portion of your contributions (if applicable).

If you are entitled to a Rebate, you can nominate your Rebate Tier and we will automatically adjust your contributions. The table below will assist you in determining your Rebate Tier.

If you do not nominate a Tier, we will automatically charge you the full contribution without any Rebate. If you are entitled to a Rebate, the tax office will reconcile the difference when you lodge your annual tax return. You can nominate a new Tier at any time.

You can nominate your Rebate Tier by:
